

Race to the Finish!

When Sherborne's Tom Harris decided to run the Berlin Marathon to raise money for CHASE Children's Hospice he felt that he would be happy just to complete the 26 miles.

Although a keen sportsman this was to be Tom's first marathon and the last thing he expected to do was to try and sprint the last 200 yards. "I had absolutely nothing left," says Tom, "but I could see the clock ticking down and knew I was close to beating the 4 hour mark - I was really hurting and I've no idea where the energy came from, but with the crowd cheering me on I somehow managed to inject some pace."

Congratulations to Tom who recorded a fantastic time of 3 hours 59 minutes and 23 seconds and raised many hundreds of pounds for our favourite charity.

The race for the finish

The finish....under 4 hours!

Well done Tom

Thank You - It's Official - We're the Best!

It's not in our nature to boast - but when you've got something to shout about!!!

Chris Long receiving the award from 'Pimms o'clock man' Alexander Armstrong

2008 is proving to be a remarkable year for us especially as we have achieved the ultimate award in our industry by being named the UK's Conservatory Installer of the Year at the prestigious G08 Awards - the equivalent of the Industry's Oscar Ceremony.

This follows 2 awards for Conservatory Design earlier this year and a recent special award made after a customer survey undertaken by the IWA insurance group showed that Sherborne were achieving 100 per cent customer satisfaction.

Accepting the Award at the Hilton Metropole Hotel, Managing Director Chris Long, "I believe we have won this award because of our commitment to quality, professionalism and customer care. I would like to say a heartfelt thank you to all the customers and staff over the years - our success is due to you."

Let it Sparkle!

Although our conservatories require very little in the way of maintenance, at this time of year, especially if you have trees in the garden, airborne contaminants and algae can become a problem.

A reminder therefore that If you need assistance with this Sherborne can professionally clean your conservatory for you. Call the office for a quote to have your conservatory sparkling clean.

.....STOP PRESS....FARNBOROUGH SHOWROOM NOW OPEN UNTIL 8PM THURSDAYS.....

AUTUMN/WINTER 2008

It's all Coming Together!

As we have added Kitchens and Landscaping to the range services available from Sherborne it's great when we get to combine all of our skills on one project.

Take this magnificent Orangery that we have just completed containing a stunning kitchen and set in a beautifully landscaped garden.

The magnificent Orangery flows seamlessly into a stunning outdoor living space.....

Millie.....

.....a little star

Smile!

We like to keep a library of photographs at Sherborne and occasionally we organise a professional photoshoot to record a particular project such as the magnificent timber conservatory we recently completed for a customer in Camberly. Problem is no matter how hard the cameraman tries to concentrate on the building there always seems to be someone around determined to steal the show! Meet Millie!

Happy Birthday

When a bloke has a significant birthday, he may be inclined to keep it pretty quiet, perhaps a meal with the family that sort of thing - no such option for Chris Long. When he arrived at work last month he found a banner announcing his 40th birthday draped over the front of the Sherborne Farnborough office and the passing cars blowing their horns.

Happy 40th Birthday Chris

Want the Best Deal - Buy Now!

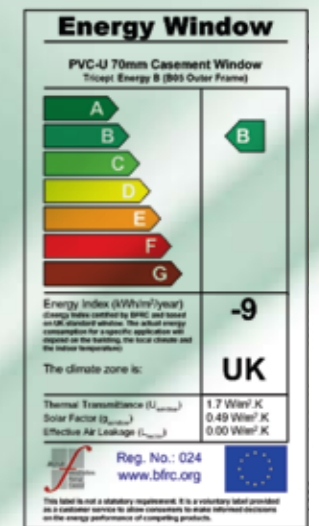

There is no doubt that the doom and gloom stories which have dominated the media have caused uncertainty in the minds of customers but the clear message from Sherborne is that if you can afford it - buy now.

"We are being offered amazing deals from our suppliers at the moment as they try to maintain production levels at their factories," says Sales Director, Tim Long, "we are already able to offer a free upgrade on windows to an energy rating of B and are seeing similar offers and savings on a whole range of products which we can pass on directly to customers."

"These prices are unsustainable in the long term so our advice to customers is that if you are looking for quality products at bargain prices now is the time to act."

"We've also been working hard at providing a whole range of finance options that can be tailored to individual requirements so that customer's can take advantage of these exceptional prices now."

Call your Sherborne representative for details.
