Bespoke High Security PVC-u Entrance Doors

---

## Introduction

Ultimate Bespoke PVC-u Doors are a range of 25 versatile PVC-u door styles, thoughtfully designed to emulate the aesthetic character of timber doors but with the added security benefits and low maintenance qualities that modern day living demands.

In addition to smooth white finish, you can choose from a range of natural look woodgrain and coloured foil exterior finishes or alternatively Ultimate Bespoke Doors can be spray painted to any RAL colour of your choice.

## 4 simple steps to create your very own entrance...

1

Choose a style from the 25 versatile designs

2

Choose a door colour from our range of standard finish options or select the RAL colour of your choice for spray painting

3

Choose your combination of glass/panel designs

4

Choose from our range of fully suited door furniture to complete your individual door design

# The Lavenham

Often, it's important to maintain a particular style when replacing an entrance door, something that will blend sympathetically but also enhance your property.

Many of the door styles that we have traditionally seen in timber can now be replicated in woodgrain effect PVC-u.

The Lavenham style, like many others across the range is a great example of how using different combinations of glass and panelling will result in a completely different look each time, whilst keeping to the base Lavenham layout.

Rich, elegant period door colours give a traditional design yet more authenticity and to complete the grand finish choose from a range of exquisite door furniture.

GENUS

### Timber-look Joints

For the authentic timber look, Ultimate bespoke doors offer you the option of Genus timber-look joints.

An alternative to 45° welded joints, these are designed to emulate the traditional butt joints seen on timber doors.

The Ixworth door style follows a design that is reminiscent of many timber doors seen on 1930's properties throughout the UK.

Ultimate Bespoke PVC-u Doors can offer an exterior woodgrain or coloured foil finish so they look and feel like wood but without the same level of maintenance required.

Choosing a fresh white internal finish provides a neutral backdrop to your interior decor.

Antique Black ironmongery completes the timber look, perfect for period style properties.

The Ixworth

## The Ixworth 2

Beauty is in the detail and with that in mind the Ixworth 2 was created as a natural progression from The Ixworth. Here 2 vertical mullions are featured instead of the one central mullion on the Ixworth.

The Sudbury door follows a more classic layout and as such is one of the more versatile options in terms of its suitability for a wide spectrum of property styles.

You may choose to stick to a simple, minimalist look using clear or perhaps etched glass or alternatively add a splash of colour and creativity choosing from a vast range of available decorative glass options.

# The Sudbury

# The Assington

Make a bold statement with the Assington style door, the striking panel layout with central glass results in a strong and balanced design.

Choose from natural woodgrain options or add a bold colour to really make a statement.

The detailing around the frame combined with a realistic woodgrain texture provides a finish that looks and feels just like timber.

# The Newton

Another popular choice from the complete range of 25 styles is The Newton.

Retaining classic features on your property may be important. This elegant style, with its exaggerated proportions is often used in conjunction with a vertical glass design to create a really strong identity.

Customer supplied own bespoke glass units (similar designs available).

The large glass surface area on The Newton door enables light to flood in, the perfect solution to an otherwise dark hall way.

Although many designs in the range are suited to period properties, The Ultimate Bespoke PVC-u Door Collection also includes a series of contemporary styles, none more contemporary than the Brett.

# The Brett

With either clear or etched glass the Brett style immediately offers a clean, modern look, particularly when used with one of the more contemporary frame colours such as Grey or Black.

Standard Slimline Midrail

3 section 175mm Midrail

Please be aware the 175mm Midrail is made from 3 sections and features 2 horizontal lines where the 3 sections are joined.

## Optional Deep Timber Look Midrail

175mm

195mm

Ultimate Bespoke Doors are engineered with a slimline midrail as standard in order to achieve equal sight lines and proportions across the range of styles.

However, a number of styles in the collection have been designed to closely emulate traditional timber doors and are therefore best suited to include a deeper Midrail option.

Ultimate Bespoke doors give you the additional options of the 3 section 175mm Midrail or 1 section Deep Timber Look 195mm Midrail\*.

## Optional Deep Timber Look Cill

See full picture on page 2

The timber style features can be carried right through to the cill.

Ultimate Bespoke Doors offer you the option of a timber look PVC-u cill, deeper in proportions to standard PVC-u cills in order to complete the timber look.

\*Midrail options may be determined by frame and colour choice.

# Choose a profile type and finish from our extensive range...

You can choose to have your new door made in either fully bevelled or fully ovolo shaped profile, or if you prefer you can choose our Heritage style option that combines an ovolo frame with a bevelled door.

This can be determined simply by aesthetic preference or perhaps to match windows in the property.

Your choice will also influence the finishes available within each option as shown right.

Due to possible variations in the printing process, please refer to physical colour swatches for an accurate representation of these finish options.

# ...or select any colour of your choice

If you would like a colour that is not within our range of woodgrain foils, we can arrange to have your door spray painted in the colour of your choice. Once you have selected your desired colour from the vast palette available, the specialist coating will be applied to the woodgrain foil.

You can choose to have the colour applied to both the inside and outside faces of the door or outside only leaving a fresh white internal finish.

Specialist coatings combined with proven application methods, provide a finish that is tough, durable and protected against all weather conditions.

# Glazing

Often entrance door design is dictated by the need for extra light, or the desire to retain the original period design.

Our door range not only gives you a terrific choice of colours and designs but the flexibility of our glazing options allow you to either 'go create' a new look or stay classic and authentic.

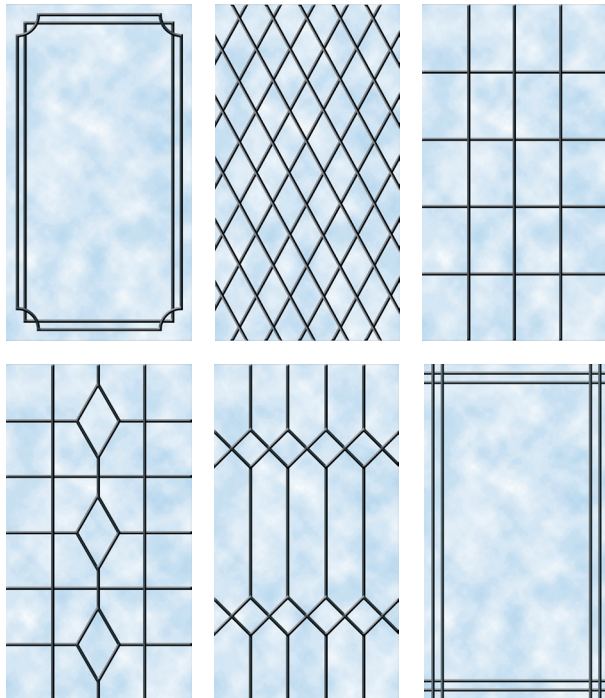

The options are simply vast and include plain glass, obscured, coloured, etched glass, leaded and bevelled designs. All of these include a multitude of variations so you are sure to find something to suit the style of your door and property.

## Ali-lock Authentic External Georgian Bar

Our authentic Ali-lock Georgian Bar design will instantly create the period look. Because the bars are fixed to full length aluminium backing strips, there is no risk of the bars warping or bending.

# Decorative Glazing

Coloured and bevelled glass designs can offer a traditional appearance, whilst more simplistic etched glass designs give a contemporary look.

The dimensions of these glass patterns can be adapted to suit the style of your chosen door with half, dual, and full height glazed panels.

You may wish to personalise your home further by having your house number etched or bevelled within the design.
