

OUTDOOR LIVING

VERANDAH | CANOPY | PERGOLA | GARDEN ROOM

OUTDOOR LIVING

Whether you are enjoying the company of family and friends, or finding a quiet moment to yourself, your garden can be the perfect place to unwind and enjoy the outdoors all year round. Our Outdoor Living range has steadily been evolving since 1996 with a noticeable increase in interest since 2020, as homeowners more than ever before have looked to extend and improve their outdoor living space as they spend a lot more time at home & outside in the garden. Many homeowners across the UK move their festivities outdoors in the warmer months but now more than ever, they are looking into ways they can enjoy their gardens and patio areas all year round, not just in the spring & summer months.

Our Outdoor Living range can help you to transform your outdoor space into a great place to be no matter what the season, weather or occasion. Our aim is to provide a fantastic range of products that bridges the gap perfectly between indoor & outdoor living spaces, making your home a great place to relax, entertain & enjoy all year round.

CLASSIC VERANDAH

Our fully bespoke Classic Verandah system can be used to create a stunning, contemporary patio area allowing homeowners to enjoy their garden all year round. With its traditional features & decorative brackets, our Classic Verandah is ideal for a range of applications including domestic homes, or commercial properties such as care homes, schools, pubs and restaurants and is also ideal for walkways, entrance ways and outdoor eating areas where shelter from outdoor elements is required. The Classic Verandah is bespoke and can be tailored to fit your specific needs. Made from aluminium with a choice of post and foot options, it can be glazed with either glass or polycarbonate, so you can rest assured they meet most budgets.

It is available in any RAL colour, which not only allows homeowners to add a splash of colour to their outdoor living space, but has further appeal for commercial applications too including bars, restaurants and even hospitals and schools where colours can be matched to brands and corporate identities. Regardless of colour, all Classic Verandahs are fully guaranteed for 10 years.

- Traditional aesthetics - post, column covers & brackets, with decorative casting to column base
- Round or square posts (foot options for round posts only)
- Available as straight lean-to, splayed lean-to & 'L' shapes
- Base fixing plate can be hidden beneath ground level or above
- Gutter system option or 250mm overhang detail option (no gutter)
- Roof pitch - Min. 5° (7° as standard) / Max. 30°
- Maximum projection 4m (larger available on request)
- No maximum width (can be as wide as required)
- Built in tolerance for post height
- White, Grey or Black as standard
- Any RAL colour or textured black upgrade available
- 24mm double glazed units or polycarbonate roof panels

STRUCTURE & OPTIONS

FOOT OPTIONS

Please note:

Decorative Foot and Tall Collar options are optional extras.

Foot option 3 is not available for fixing at ground level (exposed base fixing plate)

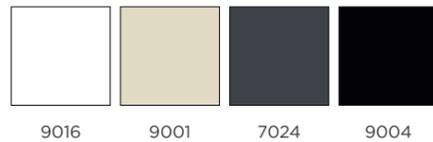

Decorative Foot and Tall Collar not available for square post.

CONTEMPORARY VERANDAH

The Contemporary Verandah is known for its sleek, modern, robust look and is equipped with a reinforced gutter profile. This contemporary aluminium Verandah provides a solid and stylish extension to your home. From your first coffee in the morning until the setting of the sun, regardless of the weather conditions you can enjoy unobstructed and open views. It is available in four RAL colours: White 9016, Cream White 9001, Grey 7024 or Black 9004.

The contemporary Verandah can also be used for commercial properties including restaurants, pubs, schools or anywhere else shelter from outdoor elements is required. Aluminium Verandahs have a long life span, meaning that a single investment gives you many years of care-free enjoyment of outdoor living.

The Contemporary Verandah is available with a polycarbonate or glass roof option for uninterrupted daylight and it comes up to 4000mm wide with just two support posts, yet it is capable of widths over 7000mm and beyond with additional posts.

Sizes available (mm):

width: 4060 / 5060 / 6060 / 7060

projection: 2500 / 3000 / 3500 / 4000

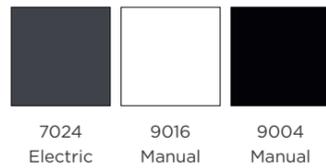

Available with optional sliding glass doors, LED lighting and fixed side panels. See page 12 for more information on these options.

PERGOLA

The Pergola creates an outdoor space with a modern design that offers protection against sun, wind, rain and other elements. This ensures exceptional quality of outdoor living. The difference between our Verandah systems & the Pergola is the **aluminium louvered roof** which is available with manual or electric options so you can easily tilt the panels in the roof to a different position allowing you to control the light, shade and airflow under the roof. The panels of the Pergola roof can be tilted up to 120° with the synchronous moving panels offering you an open space - perfect for those warmer days.

The manual option is available as a free-standing option, with the electric option available in both free standing and wall fixed options. The electric option can also be joined together to create a larger outdoor living space.

Sizes available (mm) for electric:

width: 3000 / 3500

projection: 3011 / 3539 / 4067 / 4947

Sizes available (mm) for manual:

width: 3000

projection: 3000 / 4000

The Pergola can be enhanced with sliding glass doors and LED lighting options for added shelter and ambient lighting. See page 12 for more information on these options.

OPTIONAL EXTRAS

SLIDING GLASS DOORS

Add glass sliding door panels to your Verandah or Pergola. The tracking system makes sure all panels are moved automatically when opening or closing them & the carriers can be mounted in a flexible way meaning you can decide where the panels overlap. You can also add glass door handles to avoid stains and fingerprints. See opposite page for more info.

Compatible with Contemporary Verandah & Pergola

KEY FRAME

This covers the sloped part between the roof and top of the side wall to partially close the Verandah or Pergola on one side. It is made from aluminium frame and either glass or polycarbonate glazing. Available in 3 colours; white, cream white or grey.

Compatible with Contemporary Verandah & Pergola

SIDE WALL

Make your outdoor living space even more comfortable and homely by choosing side walls for your Verandah or Pergola. A side wall allows you to close at one or both sides to protect you from wind & rain allowing you to enjoy your outdoor living space for longer and no matter what the weather. The side walls are wind-proof and are available glazed with polycarbonate or glass. Available in 3 colours; cream white & grey.

Compatible with Contemporary Verandah & Pergola

SLIDING GLASS DOOR HANDLES

Open your glass doors without stains or fingerprints by adding our glass door handles. Allows for even easier opening & closing and makes for low maintenance and cleaning. These door handles can be attached easily to the glass door panels at a place of your liking. You can choose between adhesive handles and screw-on handles.

Compatible with Contemporary Verandah & Pergola

LED LIGHTING

Add LED lighting to create ambient outdoor lighting and enjoy your outdoors at night. These lights are dimmable LED recessed spotlights and come with a remote control for extra comfort!

Compatible with Contemporary Verandah , Pergola & Carport

CONCRETE FOOTINGS

Your Verandah, Pergola or Carport can be installed on any existing surface. For extra stability or when a solid foundation isn't available, you can choose concrete footings. They can be easily installed out of sight with or without rainwater drain.

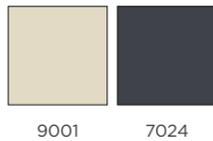

Compatible with Contemporary Verandah , Pergola & Carport

CANOPY CARPORT

Slim, elegant & competitively priced, the Canopy is perfect for carports, walkways and patios. An affordable aluminium canopy with a timeless and smooth design, its heavy constructed system is a cost effective option for a canopy solution for your home. The number one option when it comes to quality & price with it's slim design offering excellent value for money.

Sizes available (mm):

width: 4040 / 5040 / 6040

projection: 2500 / 3000 / 3500

PREFIX STUDIO

The Prefix Studio is the ultimate flexible living space and is ideal for many uses such as a garden office, living room, playroom, bar or music room, gym or even just a place to unwind.

A pre-formed, highly insulated panel construction which are pre-fabricated off-site, there is no requirement for any cutting on site. This allows installers and builders to create the Prefix Studio quickly and easily with minimal disruption and typically within one day (up to cladding and internal finishes). Using modular 600mm panels to suit standard plasterboard, there are no restrictions on sizing meaning you can essentially have a fully bespoke construction. The walls and roof panels are highly insulated, easy to handle and lightweight. The Prefix Studio can be supplied with Opal Aluminium® Windows, Bifolds or Sliding Doors as part of a complete kit & it has been also been designed to comply with planning permission requirements for complete peace of mind. This highly insulated garden building will provide multi use additional space for all year round.

For more information, ask to see a copy of the Prefix Studio Garden Room brochure.
